   Comprehensive data interpretation in a wide variety of reports

6. **Management Module:**
   Manage subscriber accounts and user access privileges with ease

STREAMLINE

Modernize your dispatching with the SafeDispatch® v4.0 tools at your fingertips!

INTEGRATE

The benefit of SafeDispatch® v4.0 lies in the seamless integration of its modular components with your radios.

SafeDispatch® v4.0 is compatible with DMR and TETRA radio platforms.

SafeDispatch® v4.0 is built modularly, so you can choose any of the Suites and build your perfectly fitted solution. You can deploy the Suites one at a time, or mix-and-match them.

Integrating the application into your everyday business is as easy as 1-2-3.

INCREASE PRODUCTIVITY EXPONENTIALLY

SafeDispatch® v4.0 will allow you to assess the components of a job or project, determine which tools in the suite are the most appropriate, and combine their power to complete your mobile tasks with less effort.

- ♦ **Access** critical fleet information
- ♦ **Improve** your field communications
- ♦ **Enhance** your reporting
